About RSIC

Russell Square International College (RSIC) was established in August 2004 by the promoters of the renowned École Mondiale World School Mumbai. RSIC is a recognized teaching center of the University Of London. In its journey of 20 years in India, it has nurtured hundreds of future global leaders by imparting knowledge and 21st century skills to face the global challenges and to overcome them successfully.

RSIC offers International undergraduate programmes under the academic direction of The London School of Economics & Political Science (LSE), Royal Holloway College, London & the King's College, London. For all these courses, degrees are awarded by the University of London.

RSIC is an educational institute with a difference.

What makes us unique -

We focus on transforming lives and creating global citizens

- **Academic Excellence:** The courses are designed by the University of London under the academic direction of its member institutions. Apart from the regular methods of teaching, the focus is on application & research based studies to stimulate creative thinking & logical reasoning.
- **Faculty and Teaching Pedagogy:** Our highly qualified and committed faculty members bring a wealth of academic and industry experience to the classroom.
- **Industry Readiness:** The teaching pedagogy encompasses interactive lectures, tutorials, case studies, seminars, and workshops. Through our Industry Immersion programme, we bridge the gap between academia and industry, ensuring that students are well-prepared for the challenges of the global market place.
- **Focus on Holistic Development:** At RSIC, we focus on holistic development of our students. In addition to academic excellence, we provide training for enhancing hard and soft skills through a variety of extracurricular activities. Our goal is to shape well-rounded individuals who can thrive in diverse professional settings.
- **State of the art infrastructure:** RSIC is located in the heart of Mumbai in the up-market Juhu area, with an excellent infrastructure to host international courses. RSIC's air conditioned classrooms are well equipped with projectors, white boards and latest teaching and learning equipment. The Auditorium can accommodate 500 guests for seminars and conferences.
- **Well-stocked library:** RSIC has a well-stocked library with books on a wide range of subjects. The students are encouraged to read the physical books to inculcate reading habits. We provide sought after International Journals, Periodicals & Newspapers.
- **Excellent Sports Facilities:** RSIC believes that life is dull without sports and provides facilities like indoor TT Table, Snooker & Carrom. RSIC Campus also has a Football Turf, a Basketball Court, a Swimming Pool & a Gymnasium for physical fitness enthusiasts.

RSIC offers the following undergraduate programmes of the University of London, under the academic direction of its member institutions. BSc in the following specialisations are offered:

Accounting & Finance
Business & Management
Economics
Economics & Finance
Economics & Management
Finance

BSc Business Administration (BBA)
General Management
Human Resource Management
International Business
Marketing

BSc Psychology

FROM THE PRINCIPAL'S DESK

Dear Esteemed Alumni,

As we mark the significant milestone of completing twenty years of excellence at Russell Square International College (RSIC), I am honoured to extend my heartfelt gratitude to each one of you, whose contributions have played an integral role in shaping the legacy of our institution.

Twenty years ago, RSIC embarked on a journey to provide quality international education, by offering the University of London's courses under the academic direction of the London School of Economics & Political Science. I am proud to say that RSIC is the recognised teaching centre of University of London and today, as we reflect on our accomplishments, we stand proud of the vibrant student community we have cultivated.

You are the living embodiment of RSIC's success. Your achievements across diverse fields stand as a testament to the holistic education and values instilled within these walls.

Our institution has evolved significantly over the past two decades, embracing new courses and programmes to meet the dynamic needs of the global landscape. Whether it's the addition of the BSc Business Administration program under the academic direction of Royal Holloway College or the BSc Psychology programme under the academic direction of King's College, London, each expansion represents our unwavering commitment to fostering innovation and excellence in education.

Behind every success story lies the dedication and passion of our faculty members, whose tireless efforts have nurtured and groomed generations of students. It is their hard work, and unwavering commitment to academic excellence that have propelled RSIC to new heights and enabled our students to thrive on a global stage.

As we look ahead to the future, we are filled with a sense of optimism and possibility. We envision a future where the bonds forged within these walls continue to flourish, where alumni remain actively engaged in shaping the trajectory of our institution, and where RSIC continues to be a beacon of academic excellence and innovation.

I invite you to join us in celebrating this momentous occasion and to rekindle the flames of friendship and knowledge that were ignited here. Your alma mater is not just a place of learning; it is a community that welcomes you with open arms, a place where memories are cherished, and where the spirit of RSIC lives on in each one of us.

As we embark on the next chapter of our journey, I extend my sincerest gratitude for your continued support and commitment to RSIC. Together, let us write the next chapter of our story—one defined by collaboration, innovation, and a shared commitment to excellence.

With warm regards,

Dr. Seema Tatwawadi
Principal, RSIC

FACULTY SPEAKS

Prof. Charushil Tayshete
Academic Coordinator

As the Academic Coordinator at Russell Square International College, it gives me great pleasure and honour to contribute to this special edition of the Alumni directory. This edition not just marks another successful year, but also highlights the remarkable journey of the last twenty year of RSIC's achievement in the field of international education. Reflecting on the years gone by, we are reminded of the core values that our institution imparts to its students; a commitment to excellence, passion for learning and the fervor to make a positive impact on the community and industry. These values are embodied in the narratives of our alumni who have navigated their personal and professional lives with resilience and integrity. Our alumni have gone ahead and progressed to achieve post graduate qualifications from top notch universities or managing their family businesses with greater finesse. Many of the alumni are respected professionals in their selected domains while others have gone ahead and made their mark on the entrepreneurial scene. As we celebrate the achievement of our alumni, we also look to the future with optimism and enthusiasm. The world is changing rapidly and our alumni have demonstrated that they are well equipped to handle these changes with ease and take up the leadership mantle for a better tomorrow. This directory is more than a collection of alumni accomplishments; it is a celebration of continuing bond between the institution and its graduates. To our alumni, thank you for being the ambassadors of RSIC values. Your journey is a testament of your perseverance and inspires us all.

On behalf of RSIC, I welcome you to our Alumni Association. While you have spent many happy years linked to RSIC, it is now your time to take the knowledge, skills and attitudes you have built here and face the world with a fresh, energetic and positive work ethic. The Alumni Association is now better organized to reach, serve, and engage graduates of the last decade – which now includes you! I encourage you to become involved. If you have suggestions for alumni events in your area or ideas for improving communication, please let us know. I wish you all the best on your post-graduation endeavors and I hope to meet many of you at future alumni events.

Ms. Bharati Bacha
Manager International
Collaborations

Prof. Karishma Sachdev

Mentoring students at Russell Square International College over the past six years has been a rewarding experience. It has been immensely satisfying to witness the transformation of young adults embarking on their collegiate studies into academically proficient and emotionally resilient graduates – ready to achieve their potential. It has been our endeavour to enable them to benefit from world class education rooted in Indian cultural values. The opportunities to network with their peers across leading educational institutions through cultural, sport and academic events brings out their latent talents marking their ascent to growth and maturity. Smaller cohorts imply closer connections between students and faculty along with a strong alumni network which holds them in good stead in their career progression pathways. I am truly grateful for having contributed in a small way to their journey towards finding a foothold in the arena of corporate and entrepreneurial excellence.

Hi. I am Dr. Palak Rajani I have had the privilege of teaching the London School of Economics (LSE) curriculum for last 14 years. The LSE curriculum provided by RSIC to undergraduate students here in India, is truly exceptional. Its depth and rigor enable students to expand their horizons and deepen their understanding, fostering critical thinking and a comprehensive grasp of why things happen in particular ways.

RSIC provides a highly supportive environment, offering extensive resources and essential reading materials to enhance the teaching and learning process. Additionally, the Virtual Learning Environment (VLE) support from the University of London effectively addresses any concerns that arise. The workshops conducted by LSE are invaluable in keeping educators updated and aligned with the latest academic standards and practices.

Dr. Palak Rajani

Prof. Sulagna Ray Purkayastha
Faculty

I stepped into the graceful edifice of Russell Square 19 years ago as a young teacher and I have never looked back. Teaching at RSIC has been the most stimulating experience. Every group of students has been different and I was always excited to develop a repertoire of pedagogical techniques for success with different groups of young minds. The management of RSIC has always pitched in with every support, be it in the world class infrastructure, a fantastic well equipped library and other facilities. The admin staff is ever ready to be helpful. Students come to us from diverse backgrounds, which gave me a wonderful opportunity to do work that is developmental and extremely challenging. I have also learnt much from my students, qualities like mindfulness, flexibility, and collaboration, to say nothing of giving me tips on my vacation itinerary or where to eat out next! And I have to say, they always know best! The undergraduate courses that we teach are at par with the best of the world. The most wonderful part of being a teacher at RSIC is when students come back to meet us with a Masters degree from a prestigious foreign university which RSIC equips them to complete independently. Thus they prove true the phrase "Atmadeepa bhavah : Be your own light"

The 10 years that I have spent in RSIC were the most satisfying years in my career. Teaching opportunity in RSIC is something that every teacher does not get. I was fortunate to teach the students, doing graduation course from the prestigious institute in the world 'The London School of Economics & Political Science'.

The infrastructure of the college creates an environment conducive to academic excellence. It brings out the best in the teachers and confidence in the students. Apart from academics, there are a number of extra-curricular activities and games that the students engage in which go a long way in developing their personality.

Prof. Niteen Ghodke

Dr. Sweta Menon

It has been my privilege to teach at Russell Square International College for 8 years. RSIC has been an integral part of my work journey. The work atmosphere here is very conducive to research. It was during this period that I was able to complete my PhD in Marketing. RSIC provided me with a free hand to use the best and innovative teaching methods to the enthusiastic batch of students to share my knowledge of Marketing with them. We engaged in quizzes, live events, projects and management games to keep the students engaged and motivated. I am grateful to be a part of RSIC and it would be my Privilege to associate with them in any way possible!
